Software developer

WORK EXPERIENCE

25/03/2019–Present

GSD Application/System Supporter

Kühne + Nagel IT Service Centre AS, Tallinn (Estonia)

Kühne + Nagel has grown into one of the world's leading logistics providers which has ~82,000 employees worldwide. Branch in Tallinn is mainly focused on IT systems development and support.

I provide expertise and technical knowledge for enterprise IT applications. It's required to know Linux, Java, SQL, Oracle DB, Logs, basics of logistics and more to perform my daily tasks. B2B support.

01/04/2018–22/03/2019

Senior Service Desk Specialist

Tieto Estonia AS, Tallinn (Estonia)

As a Senior, I handle critical IT issues, propose and test bug fixes, participate in different projects and management meetings, train newcomers, maintain instructions and other. On the background, I still handle huge amount of tickets as usual agent. B2B and B2C support.

16/02/2015–31/03/2018

Service Desk Specialist

Tieto Estonia AS, Tallinn (Estonia)

Tieto is a leading Nordic software and services company which has ~15,000 employees in almost 20 countries.

Lithuanian and English customer support services provided via phone&email&chat channels. Main duties include handling critical/usual situations, finding and fixing root cause, end-user workstation support, software installation/deletion, catch&dispatch tickets. Approximate ticket value - 600/month. B2B and B2C support.

22/11/2013–01/10/2014

Customer Service Representative

Arvato Services Estonia OÜ, Tallinn (Estonia)

To perform my daily tasks I was required to speak and write in English language. My duties required resolving user account administration requests. My daily tasks were communicating with company employees via incident management system, resolving their tools access related queries, provisioning tools access and collaborating with support teams.

Unfortunately organization decided to cut costs and reduce count of employees. They started from social responsibility free people (singles, no children etc). B2B support.

12/08/2013–22/11/2013

Customer Service Representative

Arvato Services Estonia OÜ, Tallinn (Estonia)

Arvato Direct Services is the leading service enterprise in Direct-Marketing in Europe and outside European markets. Worldwide more than 30,000 employees work for Arvato direct services.

My position was Lithuanian/Russian Customer Service support for Microsoft licensing team. Support via phone, live chat and electronic mail. Daily workload approximately 30 calls, 10 chats, 15 e-mails.

Main support languages were Lithuanian and Russian, business communication language - English. B2C support.

01/07/2012–01/08/2013

IT Admin

JT Company, Visaginas (Lithuania)

As on-site IT specialist I was responsible for servers/workstations/printers set-up and accessibility (uptime), software and hardware maintenance service, monitoring and fixing production issues. B2B support.

01/01/2009–31/12/2015

Project owner

(Lithuania)

Game project I made from scratch was based on ~20 virtual Linux servers, >100 staff members, Java/SQL coded game files, mySQL DB, different monitoring and marketing tools, automated scripts, php/html/css/sql website & other.

EDUCATION AND TRAINING

30/03/2019–Present

Certificate in Java Software Engineering

Software Development Academy, Tallinn (Estonia)

378h long on-site course contained theoretical and practical part of Java, Javascript, HTML/CSS, SQL, NoSQL, Software testing, Spring, Hibernate, JDBC, Scrum, Git, JSP and Servlets and more.

01/09/2015–06/06/2018

Higher university education (Bachelor)

University of Euroakadeemia, Tallinn (Estonia)

In the faculty of Business management we have been learning such a subjects as: Real/Virtual business, Office work management, Money and Banking, Logistics, Marketing, Economics, Informatics and more.

01/09/2007–31/05/2010

Job-related skills

About me:

As a professional

I'm working in IT field for more than 10 years already and Java development is the place where I'm going to spend my near future. I'm very stable, attentive to details, fast-learning, fast-working, calm mind person. I don't prefer workarounds, I'm solution person.

My stack: Java, (+basics of .NET and C#), Javascript, SQL, NoSQL, HTML/CSS, OOP, Git, Spring, Hibernate, XML, JDBC, MongoDB, MySQL DBA, Oracle DBA, JSP and Servlets, JVM, Scrum, RegEx, Linux (Ubuntu, Debian, CentOS), Windows, JMS, SSH, FTP, SFTP, Bash/shell scripting,

IP.Board, IntelliJ, Active Directory, Excel, Word, Outlook, ServiceNow, Kibana, Jenkins, Docker, JIRA, Enterprise service bus, Oracle ODBC, Oracle VM virtualbox, Zabbix, Oracle SQL developer, LexEdit, IBM InfoSphere Data Replication, basics of SEO (Google analytics/adwords, meta tags) and more.

I'm open for any offers.

As a person

I'm perfectionist so I won't stop before it gets perfect (means never). My passions are: programming, issue fixing and volleyball. I'm fluent in the English, Lithuanian and Russian languages.
