

18.03.2019

To whom it may concern

I am delighted to write this letter of recommendation for **Pavel Psecuk**.

Pavel worked in Tieto Estonia AS from 16.02.2015 until 18.03.2019. His position was IT support specialist in our Servicedesk department, providing remote IT support to several business-to-business customers from Lithuania and Scandinavia. He provided support via phone, e-mail and internal ticketing system. He was promoted to Senior Service Desk Specialist in 2018.

Pavel was a highly reliable employee, always willing to go the extra mile to help colleagues and customers. His positive attitude made him a great team player, as well as an excellent customer service representative. He was a most valuable asset to our Lithuanian team.

As a person and employee, Pavel is very organized, proactive, structured and thorough. He contributed to several big customer-facing projects, acting as a technical consultant, and was a key contributor – which was acknowledged and praised by both Tieto project management and customer unit, as well as customer. Pavel also took over (and managed excellently) several roles within the team, for example key-user for our internal ITSM tool, Rapid Team member of one of our customers, responsible for updating internal knowledge base, and also team member for Tieto Automation project team.

I can highly recommend Pavel as an employee. It was a delight and joy to have him working for Tieto Estonia AS.

In case there is need for further comments, please do not hesitate to contact me.
