**Date of birth:** 07/10/1990 | **Nationality:** Lithuanian | **Gender:** Male | **Email address:** [Pavel.Psecuk@gmail.com](mailto:Pavel.Psecuk@gmail.com) | **Website:** [pavelpsec.uk](http://pavelpsec.uk) | **Website:** [linkedin.com/in/pavel-psecuk/](https://linkedin.com/in/pavel-psecuk/) | **Website:** [github.com/ppsecuk](https://github.com/ppsecuk) | **Address:** Tallinn, Estonia (Home)

## ABOUT ME

AI-driven DevOps Engineer and Tech Lead with 6+ years of engineering experience and 10+ years in IT, including work in FinTech and gambling industries. I lead complex infrastructure and platform engineering initiatives across cloud architecture, Kubernetes operations, CI/CD modernization, infrastructure automation, observability, security, compliance, and reliability engineering. My responsibilities include designing scalable cloud solutions, managing PCI-DSS compliant infrastructure, leading production database migrations, provisioning and operating Kubernetes environments and clusters, redesigning CI/CD platforms, implementing monitoring and alerting systems, maintaining large-scale Infrastructure as Code codebases, improving cloud cost efficiency, strengthening security posture, defining DevOps standards, planning technical roadmaps, mentoring engineers, and driving operational excellence across the organization. I am calm under pressure, highly detail-oriented, stress-resistant, and a fast learner. I combine critical thinking with strong technical judgment to identify risks early and prevent issues before they impact clients.

Skill Stack:  
Cloud (AWS, GCP), Containers (Kubernetes, Docker, Helm), IaC (Terraform, CloudFormation, YAML), CI/CD (AWS DevTools, GitLab, Jenkins, Spinnaker), Automation (Bash, Python, Ansible, AWS Lambda), Databases (PostgreSQL, Amazon RDS, MySQL, Redis), Networking (ELB, firewalls, ingress, service mesh), Monitoring (Grafana, Prometheus, ELK, Datadog), SecOps (CVE management, secrets management, AWS GuardDuty, AWS Inspector, IAM, RBAC, Aikido), GitOps (Git, GitHub, Bitbucket), DataOps (Kafka, Kinesis, Firehose, SQS), FinOps (cost optimization, Savings Plans, Reserved Instances), AI (OpenAI Codex, ChatGPT)

## WORK EXPERIENCE

**HEAD OF CLOUD INFRASTRUCTURE – WALLESTER** – 01/05/2025 – Current – TALLINN, ESTONIA

**SENIOR DEVOPS ENGINEER – WALLESTER** – 01/05/2022 – 01/05/2025 – TALLINN, ESTONIA

**DEVOPS ENGINEER – BREAKWATER TECHNOLOGY** – 02/12/2019 – 30/04/2022 – TALLINN, ESTONIA

**APPLICATION/SYSTEM ENGINEER – KÜHNE + NAGEL** – 25/03/2019 – 29/11/2019 – TALLINN, ESTONIA

**SENIOR IT SUPPORT SPECIALIST – TIETO** – 16/02/2015 – 22/03/2019 – TALLINN, ESTONIA

## EDUCATION AND TRAINING

**CERTIFIED KUBERNETES ADMINISTRATOR (CKA)** The Linux Foundation

**CERTIFICATE IN JAVA SOFTWARE ENGINEERING** Software Development Academy

**HIGHER UNIVERSITY EDUCATION (BACHELOR)** University of Euroakadeemia

**IT PROFESSIONAL DIPLOMA** Business & IT educational center
